# Part 1 – High Level Key Points

## Parks

### What's Great About RMOW Parks

- Positive sentiment: 72% of responses
- Common themes: natural beauty, accessibility, recreational variety, cleanliness

### What Could Be Improved

- Negative sentiment: 40%
- Suggestions included: better maintenance, more amenities, improved accessibility, and enhanced winter use

### Strengths to Build On

- Positive sentiment: 49%
- Focus areas: passive recreation, waterfront access, cleanliness, and community gathering spaces

### Future Concerns (10-Year Outlook)

- Negative sentiment: 40%
- Focus areas (descending order of importance):
  - Overcrowding & Overuse
  - Climate Change & Environmental Risks
  - Parking & Transportation
  - Safety & E-Bike Management
  - Equity & Local Access
  - Dog Management
  - Infrastructure & Maintenance
  - Water Access & Recreation
  - Behavior & Enforcement

### Park Feature Priorities

Top features when choosing a park:

- Access to park: 72.9%
- Active recreation: 53.3%
- Amenities: 52%
- Passive recreation: 43.1%

### Recreational Use & Satisfaction

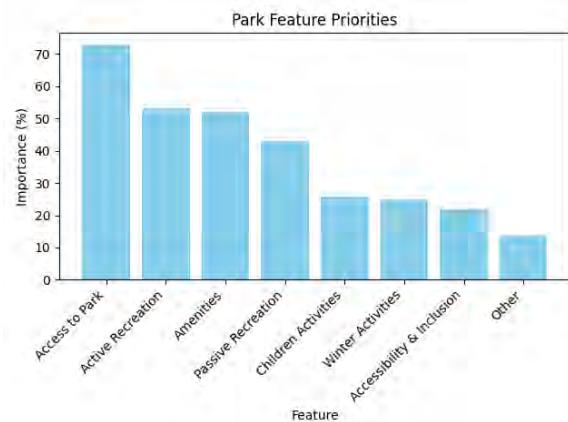

- Top features when choosing a park:
  - Public washrooms: Avg. 91.8
  - Clean/well-maintained spaces: Avg. 91.3
  - Cooling off in heat: Avg. 86.4
  - Playgrounds: Avg. 85.9
  - Waterfront access: Avg. 84.6
  - Escaping crowds: Avg. 85.6
- “Least desirable” features when choosing a park:
  - Fishing: Avg. 48.9
  - Remote workspace: Avg. 38.2

Lower satisfaction areas:

- Escaping crowds: Avg. 42.8

### Most Common Modes of Travel to Parks

- Bike: 69.1%
- Walk: 50.3%
- Drive: 37.8%

# Valley Trail

## What's Great About the Valley Trail

- Positive sentiment: 77%
- Highlights: connectivity, safety, scenic routes, multi-use functionality

## Areas for Improvement

- Negative sentiment: 38%
- Issues: congestion, maintenance, signage, e-bike regulation

## Strengths to Develop

- Positive sentiment: 34%
- Suggestions: expand trail network, improve winter usability, enhance accessibility

## Future Issues

- Negative sentiment: 38%
- Focus areas (descending order of importance):
  - Overcrowding & Overuse
  - E-Bikes & Motorized Vehicles
  - Safety & Accidents
  - Trail Design & Infrastructure
  - Environmental & Wildlife Concerns
  - Equity & Accessibility
  - Governance & Regulation
  - Community Values & Experience

## Valley Trail Usage Patterns

- Biking: Avg. 74.7%
- Walking: Avg. 64.9%
- Running: Avg. 42.1%
- E-bike usage:
  - 44.4% use e-bikes
  - 37.8% of e-bikes have hand throttles
  - 27.5% of e-bike motors stop providing power at 25 km/hr; 34.6% at 32 km/hr; 2% at 45 km/hr; 24.8% didn't know

# Funding Preferences

## Strong Support

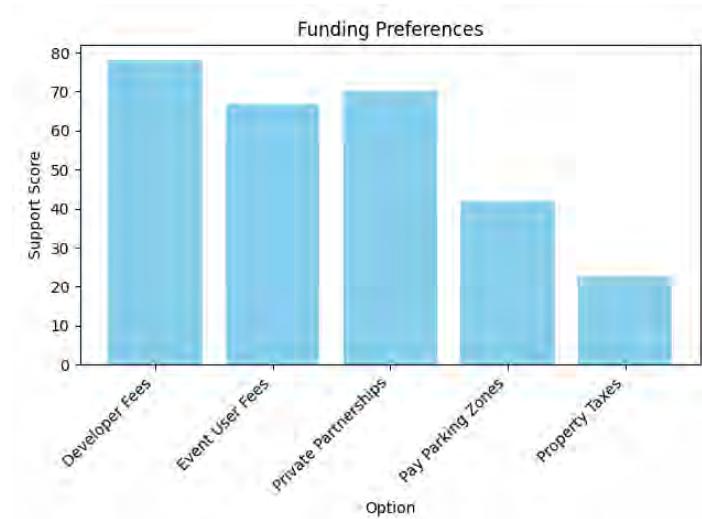

- Increasing developer fees (Avg. 78%)
- Private partnerships/sponsorships (Avg. 70%)
- Commercial/event user fees (Avg. 66.8%)

## Split Support

- Reducing municipal services and redirecting funds to Parks and Valley Trail
  - 17.1% strongly not in support
  - 16.6% strongly in support
  - Avg. 49.6%
- Increasing pay parking rates in parks
  - 50.8% either strongly or moderately not in support
  - 45.5 % either strongly or moderately in support
  - Avg. 43.5%
- Expanding pay parking zones (Avg. 41.8%)

## Low Support

- Increasing property taxes beyond forecast (Avg. 22.6%)

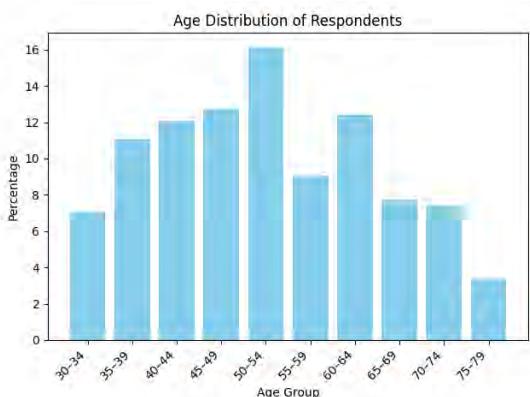

# Participants and Demographics

## 1350 Participants

- survey, Engage page, In-person event

## Age Range

- Majority between 30–64 years

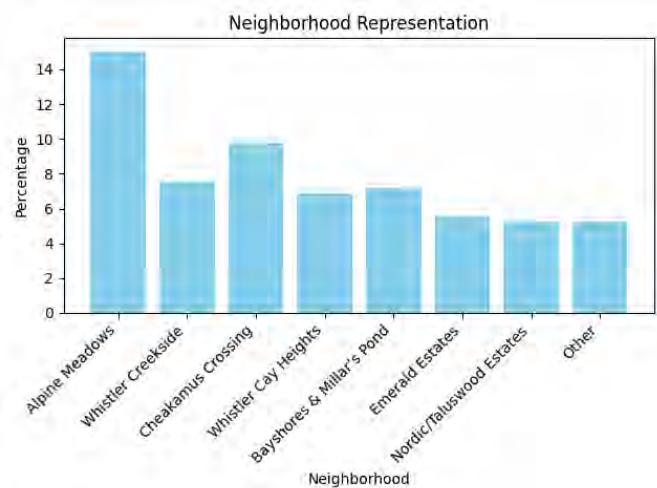

## Residency

- 81.0% live in Whistler full time
- 57.7% permanent residents who own
- 20.9% permanent residents who rent
- 15.3% second homeowners

## Neighbourhoods

- Top responses from Alpine Meadows, Whistler Creekside, Cheakamus Crossing

# Part 2 - Strengths, Weaknesses, Opportunities, Threats (SWOT) Summary

## Parks

### Strengths

Based on the responses to “**WHAT DO YOU THINK IS GREAT ABOUT RMOW PARKS?**”, here are the key elements and themes that emerge:

- Natural Beauty & Environment
- Accessibility & Connectivity
- Variety & Diversity
- Recreation & Amenities
- Dog-Friendly Features
- Cleanliness & Maintenance
- Community & Inclusivity
- Suggestions & Concerns

A deeper dive into each of these is provided below:

#### Natural Beauty & Environment

- Stunning mountain, lake, and forest views
- Parks blend into natural surroundings and preserve scenic sightlines
- Landscaping with wildflowers and native plants
- Calm, reflective spaces that support mental well-being

#### Accessibility & Connectivity

- Extensive Valley Trail network connects parks and neighbourhoods
- Easy access by walking, biking, and public transit
- Summer shuttle services and bike valet programs
- Parks are well-distributed throughout the valley

#### Recreation & Amenities

- Water-based activities: swimming, paddling, sailing, wing foiling
- Docks, beaches, volleyball courts, playgrounds, skateparks
- SUP/kayak storage racks, shaded areas, hammocks
- Washrooms, showers, drinking fountains, picnic tables, BBQ areas
- Food trucks and snack shacks enhance the experience

#### Dog-Friendly Features

- Designated off-leash areas (e.g., Rainbow, Meadow, Spruce Grove)
- Water access for dogs
- Leash rules appreciated for safety and comfort

#### Cleanliness & Maintenance

- Parks are consistently described as clean, safe, and well-kept
- Garbage, recycling, and compost bins available
- Staff efforts to maintain cleanliness and manage waste are valued
- Infrastructure is proportionate to park usage

#### Community & Inclusivity

- Parks are welcoming to families, seniors, people with disabilities, and pet owners
- Free public spaces for gathering, relaxing, and recreation
- Programs like sailing, arts, and biking foster community connection
- Parks help build a strong sense of community in a resort town

## Suggestions & Concerns

- Desire for more parking at popular parks (especially Alta Lake)
- Mixed feedback on park redesigns (e.g., Rainbow Park)
- Concerns about fast-moving e-bikes on Valley Trail
- Requests for better signage (e.g., no smoking/alcohol)
- Need for more inclusive and diverse amenities

## Weaknesses

Based on the responses to “**WHAT COULD BE DONE BETTER?**” here are the key elements and themes that emerge:

- Parking & Access
- Overcrowding & Visitor Management
- Recreation & Amenities
- Dog Management
- Environmental Protection & Stewardship
- Safety & Regulation
- Community Experience
- Infrastructure & Maintenance

A deeper dive into each of these is provided below:

## Parking & Access

- Paid parking for locals is widely opposed.

Suggestions include:

- Resident parking permits or discounts
- Expanded parking near lakes and recreation areas
- Improved signage for hard-to-find parks
- Trolley systems for transporting gear from parking lots
- Better shuttle service, including westside routes and off-peak options
- Bike racks and SUP/kayak storage (sell out quickly)

## Overcrowding & Visitor Management

- Parks are overcrowded, especially on weekends and peak seasons
- Locals feel displaced by tourists and day-trippers
- Suggestions:
  - Build new lakeside parks or expand existing ones
  - Preserve smaller, local parks from overdevelopment
  - Limit large groups and events
  - Disperse visitors to underused parks
  - Segregate park zones (e.g., music, nudity, dogs allowed)

## Recreation & Amenities

- Requests for:
  - Dedicated pickleball courts (indoor and outdoor)
  - Updated playgrounds (especially for older kids)
  - Splash pads and waterparks
  - More swim docks and sandpits
  - Outdoor fitness equipment
  - Adventure playgrounds, pump tracks, and skateparks
  - Indoor activity centers and improved winter amenities
  - Lounger rentals and shaded seating areas
  - Expanded facilities at Whistler Sailing and Cypress Point

## Dog Management

- Concerns about:
  - Off-leash dogs, especially near play areas and beaches
  - Lack of enforcement and fines
  - Need for fully fenced off-leash areas
  - Dog waste and hygiene issues
  - More undercover areas near dog parks for rainy/snowy days

## Environmental Protection & Stewardship

- Concerns about:
  - Swimmers itch and goose waste
  - Cannabis and cigarette litter
  - Plastic pollution from barges and shared water equipment
  - Dead trees and invasive species
- Suggestions:
  - Pollinator-friendly landscaping
  - Work with AWARE and other groups on fire safety and habitat restoration
  - Enforce littering/smoking bylaws
  - Limit barges and improve trash management
  - Restore natural vegetation and reduce manicured lawns

## Safety & Regulation

- E-bike speed and behavior on Valley Trail is a recurring concern
- Suggestions:
  - Speed limits (e.g., 20 km/h)
  - Speed bumps or gates to slow traffic
  - Redirect bike paths outside of parks
  - Bike marshals and enforcement officers
  - Ban loud music and enforce quiet zones

## Community Experience

- Parks should feel welcoming and accessible to locals
- Suggestions:
  - Preserve natural character and reduce commercialization
  - Limit alcohol and smoking in public areas
  - Make parks more inclusive (e.g., neurodivergent-friendly washrooms)
  - Improve winter access and walking trails
  - Add benches and picnic tables along Valley Trail for accessibility

## Infrastructure & Maintenance

- Requests for:
  - More washrooms and change rooms (especially at Alpha Lake, skate park, Rebagliatti)
  - Better drainage and turf maintenance
  - Faster seasonal activation of water fountains and bins
  - Updates to smaller neighbourhood parks
  - Improved signage and enforcement of dog leash rules
  - Better maintenance of existing structures and equipment

## Opportunities

Based on the responses to “**WHAT EXISTING STRENGTHS SHOULD OUR PARKS DEVELOP, OPTIMIZE, AND BUILD ON?**” here are the key elements and themes that emerge:

- Natural Environment & Landscape
- Access & Connectivity
- Recreation & Amenities
- Dog-Friendly Features
- Community & Inclusivity
- Infrastructure & Maintenance
- Water-Based Recreation
- Food & Social Amenities

A deeper dive into each of these is provided below:

### Natural Environment & Landscape

- Preserve and expand native plantings, wildflowers, and natural landscaping
- Add more shade trees and natural seating areas
- Avoid over-urbanization and maintain natural character
- Rewild underused spaces and reduce manicured lawns
- Protect sensitive ecosystems and promote environmental stewardship

## Access & Connectivity

- Expand Valley Trail connections and improve bike access
- Maintain and enhance public access to lakes and rivers
- Add drinking water stations, fill stations, and SUP air pumps
- Improve signage, shuttle services, and bike valet programs
- Ensure accessible infrastructure for seniors and families

## Recreation & Amenities

- Build on existing community recreation strengths:
  - Sailing and paddling programs at Alta Lake
  - Spruce Grove ball diamonds and community sports
  - Fitness circuits and active play areas
- Requests for:
  - More splash pads and spray parks
  - Adventure playgrounds for older kids
  - Water-based features (e.g., rope swings, slides)
  - Low-impact fitness equipment
  - Indoor racquet sports facilities (pickleball, tennis, squash)
  - Year-round multi-use recreation centers
  - Disc golf courses, parkour zones, and climbing walls

## Dog-Friendly Features

- Expand dog-friendly areas with grassy, unfenced zones
- Improve off-leash areas, ideally with water access
- Add covered seating near dog parks for rainy/snowy days
- Enforce leash laws and improve waste management

## Community & Inclusivity

- Parks as free, accessible spaces for all ages and abilities
- Support community-building activities (e.g., sailing, sports leagues)
- Add interpretive panels on ecology, geology, and heritage
- Ensure inclusive design for neurodivergent users, seniors, and families
- Create quiet zones for relaxation and reflection

## Infrastructure & Maintenance

- Maintain and expand:
  - Washrooms and showers
  - Watercraft storage racks
  - Bike racks and secure storage
- Improve:
  - Facilities at underused parks (e.g., Spruce Grove, The Point)
  - Drainage and turf conditions
  - Zero-waste infrastructure (e.g., reusable foodware for vendors)
  - Lighting and winter access

## Water-Based Recreation

- Enhance:
  - Non-motorized watercraft rentals (SUPs, kayaks, canoes)
  - Water access at Green Lake, Fitzsimmons Creek, Alta Lake
  - Sailing and wing foiling programs
- Protect:
  - Water quality and shoreline ecology
  - Public access to docks and beaches

## Food & Social Amenities

- Expand food truck programs and sit-down options
- Add picnic tables, BBQ stations, and community gathering spaces
- Consider small stages for music and cultural events

## Threats

Based on the question “**LOOKING 10 YEARS INTO THE FUTURE, WHAT ISSUES COULD AFFECT OUR PARKS AND THE EXPERIENCES THEY PROVIDE?**” here are the key elements and themes that emerge:

- Overcrowding & Overage
- Climate Change & Environmental Risks
- Parking & Transportation
- Safety & E-Bike Management
- Equity & Local Access
- Dog Management
- Infrastructure & Maintenance
- Water Access & Recreation
- Behavior & Enforcement

A deeper dive into each of these is provided below:

### Overcrowding & Overage

- Most frequently mentioned concern
- Parks are already crowded; future growth in population and tourism will intensify pressure
- Overuse leads to:
- Degraded natural areas
- Damaged infrastructure
- Loss of peaceful, local experiences
- Reduced water quality and habitat health

### Climate Change & Environmental Risks

- Anticipated impacts include:
- Wildfires
- Flooding
- Drought and water restrictions
- Heat stress and demand for shade
- Swimmers itch and lake contamination
- Need for resilient park design and climate-adaptive infrastructure

### Parking & Transportation

- Limited parking access, especially for locals with gear or families
- Suggestions include:
  - Local parking passes
  - Expanded shuttle services
  - Bike and e-bike infrastructure
  - Park-and-ride systems

### Safety & E-Bike Management

- Concerns about:
  - Speeding e-bikes on Valley Trail
  - Unsafe interactions with pedestrians and children
- Suggestions:
  - Speed limits
  - Dedicated lanes
  - Better signage and enforcement

### Equity & Local Access

- Parks increasingly feel tourist-oriented, leaving locals feeling excluded
- Need to:
  - Preserve quiet, local-use parks
  - Ensure equitable access across neighbourhoods
  - Avoid over-commercialization

### Dog Management

- Ongoing issues with:
  - Off-leash dogs in inappropriate areas
  - Dog waste
  - Conflicts with other park users
  - Calls for better enforcement and designated dog zones

## Infrastructure & Maintenance

- Concerns about:
  - Aging infrastructure
  - Insufficient washrooms and garbage bins
  - Lack of maintenance funding
- Suggestions:
  - Invest in upkeep
  - Avoid overbuilding features that are costly to maintain

## Water Access & Recreation

- Growing demand for:
  - Non-motorized water activities
  - Expanded docks and swim areas
  - Water safety education
- Concerns about:
  - Motorized boats disturbing ecology
  - Loss of public waterfront access

## Indoor & Year-Round Recreation

- Strong support for:
  - Indoor racquet sports facilities
  - Multi-use recreation centers
  - Winter-friendly park features
  - Spruce Grove frequently mentioned as an ideal location

## Behavior & Enforcement

- Concerns about:
  - Littering
  - Substance use
  - Disrespectful behavior
- Suggestions:
  - More bylaw officers
  - Education and signage
  - Community stewardship programs

# Valley Trail

## Strengths

Based on the question “**WHAT DO YOU THINK IS GREAT ABOUT THE VALLEY TRAIL?**” here are the key elements and themes that emerge:

- Connectivity & Access
- Safety & Separation
- Multi-Use & Year-Round
- Scenic & Natural
- Community Benefits
- Infrastructure & Amenities

A deeper dive into each of these is provided below:

### Connectivity & Access

- Connects all neighbourhoods, parks, lakes, and amenities across Whistler.
- Enables car-free travel throughout the valley.
- Provides direct routes to key destinations like schools, shops, and recreation areas.
- Extensive coverage from Function Junction to Emerald.

### Safety & Separation from Traffic

- Offers a safe alternative to roads and highways, especially for families and children.
- Separated from vehicle traffic, reducing noise and pollution.
- Well-lit sections enhance safety at night.
- Paved and well-maintained, with clear signage and lane markings.

### Multi-Use & Year-Round Functionality

- Supports walking, biking, running, skateboarding, cross-country skiing, and more.
- Plowed in winter, making it usable year-round.
- Accessible for all ages and abilities, including seniors and wheelchair users.

### Scenic & Natural Experience

- Passes through forests, lakesides, and natural landscapes.
- Offers beautiful views, shaded areas, and a peaceful environment.
- Allows users to feel immersed in nature while commuting or recreating.

### Community & Lifestyle Benefits

- Encourages active transportation and healthy living.
- Reduces vehicular traffic and environmental impact.
- Acts as a community connector, fostering social interaction and pride.
- Seen as a defining feature and cherished asset of Whistler.

### Infrastructure & Amenities

- Includes informative signage, water stations, and washrooms.
- Wide paths with good delineation for bi-directional traffic.
- Suggestions for improvements include better management of e-bike traffic and more lighting in certain areas.

### Weaknesses

Based on the question “**WHAT COULD BE DONE BETTER?**” here are the key elements and themes that emerge:

- E-Bike Safety & Regulation
- Trail Congestion & User Conflicts
- Off-Leash Dogs & Pet Safety
- Infrastructure Gaps & Improvements
- Education & Enforcement
- Accessibility & Inclusivity

A deeper dive into each of these is provided below:

## E-Bike Safety & Regulation

- Overwhelming concern about speeding e-bikes, especially throttle-powered and heavy models.
- Calls for:
  - Speed limits
  - Helmet enforcement
  - Age restrictions
  - Dedicated lanes or alternate routes
  - Ban or restrict certain classes of e-bikes
  - Increased bylaw enforcement and patrols

## Trail Congestion & User Conflicts

- Overcrowding during peak times, especially summer.
- Conflicts between walkers, runners, cyclists, e-bikers, dog walkers, and tourists.
- Suggestions include:
  - Separate lanes for different user types
  - Widening the trail in busy areas
  - Improved etiquette signage (e.g., “keep right,” “pass on left”)

## Off-Leash Dogs & Pet Safety

- Frequent complaints about unleashed dogs causing accidents or fear.
- Requests for:
  - Stricter enforcement
  - Clear signage
  - More dog parks to reduce trail conflicts

## Infrastructure Gaps & Improvements

- Missing or unsafe connections (e.g., Function to Creekside, Rainbow to Emerald, Alta Lake Road).
- Need for:
  - Safe highway crossings (especially in Emerald)
  - Better lighting, especially in shaded or remote areas
  - More benches, rest areas, and garbage bins
  - Improved winter maintenance and plowing

## Education & Enforcement

- Lack of awareness and courtesy among users.
- Suggestions:
  - Public education campaigns
  - Signage for trail etiquette
  - Visible enforcement presence (bylaw officers, RCMP on bikes)

## Accessibility & Inclusivity

- Trail not always accessible for:
  - Seniors
  - People with mobility challenges
  - Residents in areas with poor connections
- Suggestions include:
  - More resting spots
  - Better signage and wayfinding
  - Improved winter access

## Opportunities

Based on the question “**WHAT EXISTING STRENGTHS SHOULD THE VT DEVELOP, OPTIMIZE, AND BUILD ON?**” here are the key themes and elements that emerged:

- Connectivity & Access
- Safety & Speed Management
- Trail Design & Infrastructure
- Signage & Education
- Environmental & Cultural Integration
- Amenities & Services
- Winter Use & Maintenance
- Policy & Enforcement

A deeper dive into each of these is provided below:

### Connectivity & Access

- Strong desire to complete missing links (e.g., Alpha Lake to Function, Rainbow to Emerald).
- Improve connections between neighborhoods, parks, and transit stops.
- Ensure year-round access, especially in winter (e.g., Emerald access).
- Add safe crossings at busy roads and intersections.

## Safety & Speed Management

- Widespread concern about e-bike speed and reckless riding.
- Suggestions include:
  - Speed limits (e.g., 25 km/h)
  - Speed bumps, cameras, and patrols
  - Separate lanes for e-bikes, pedestrians, and regular bikes
  - Better sightlines and signage at blind corners

## Trail Design & Infrastructure

- Calls for widening the trail in high-traffic areas.
- Add pull-out areas, benches, and lookouts for rest and scenic enjoyment.
- Improve lighting, especially for winter and forested areas.
- Maintain smooth surfaces and address heaving or root damage.

## Signage & Education

- More directional signage (e.g., “keep right”, “pass on the left”).
- Etiquette reminders for shared use.
- Maps and “you are here” signs for tourists.
- Education on leash laws, speed, and trail courtesy.

## Environmental & Cultural Integration

- Preserve natural elements like trees, shade, and quiet nature.
- Add interpretive panels and Indigenous knowledge signage.
- Protect wildlife areas (e.g., spawning zones) with seasonal restrictions.

## Amenities & Services

- More water stations, toilets, and garbage bins.
- Suggestions for small local food/beverage kiosks.
- Secure bike parking to reduce theft concerns.

## Winter Use & Maintenance

- Continue and expand snow clearing.
- Explore winter-friendly connections and commuter routes.
- Consider covered sections or alternative winter paths.

## Policy & Enforcement

- Strong support for bylaw enforcement of speed, dog leash laws, and motorized vehicle restrictions.
- Suggestions for licensing e-bikes and restricting commercial tours.

## Threats

Based on the question “**LOOKING 10 YEARS INTO THE FUTURE, WHAT ISSUES COULD AFFECT THE VALLEY TRAIL AND THE EXPERIENCES IT PROVIDES?**” here are the key themes and elements:

- Overcrowding and Overuse
- E-Bikes and Motorized Vehicles
- Safety and Accidents
- Trail Design and Infrastructure
- Environmental and Wildlife Concerns
- Equity and Accessibility
- Governance and Regulation
- Community Values and Experience

A deeper dive into each of these is provided below:

### Overcrowding and Overuse

- Most frequently mentioned concern.
- Increased number of users (locals, tourists, commuters) leading to congestion.
- Trail becoming too busy for pedestrians, families, and dog walkers.
- Comparisons to urban bike highways or Stanley Park seawall.
- Suggestions for widening the trail or creating alternative routes.

### E-Bikes and Motorized Vehicles

- Dominant theme throughout the responses.
- Concerns about:
  - Speed and safety risks.
  - Unregulated use of throttle-controlled e-bikes and electric scooters.
  - Inexperienced or reckless riders, especially youth.
  - Conflicts between motorized and non-motorized users.
- Mixed opinions:
  - Some support e-bikes for commuting and reducing car use.
  - Others call for bans or strict regulations (e.g., speed limits, licensing, designated lanes).

## **Safety and Accidents**

- Fear of collisions, injuries, or even fatalities.
- Lack of enforcement and trail etiquette.
- Suggestions include:
  - Speed limits.
  - Separate lanes for different user types.
  - Increased signage and education.
  - Patrols or bylaw officers.

## **Trail Design and Infrastructure**

- Calls for:
  - Widening the trail.
  - Better surfacing and maintenance.
  - Improved lighting and signage.
  - More crossings and connectivity.
  - Amenities like water stations, tire pumps, and washrooms.

## **Environmental and Wildlife Concerns**

- Increased human-wildlife interactions (especially bears).
- Off-leash dogs causing safety and ecological issues.
- Climate change impacts (heat, trail erosion, forest fires).
- Preservation of natural surroundings and peaceful atmosphere.

## **Equity and Accessibility**

- Trail access limited to those living nearby.
- Need for expanded parking and inclusive design.
- Concerns about the trail becoming exclusive to fast-moving commuters.

## **Governance and Regulation**

- Desire for:
  - Clear rules and enforcement.
  - Regulation of e-bike types and usage.
  - Municipal leadership in preserving trail culture.
  - Avoiding commercialization or overdevelopment.

## **Community Values and Experience**

- Emphasis on:
  - Maintaining the VT as a peaceful, multi-use community asset.
  - Avoiding transformation into a high-speed commuter corridor.
  - Encouraging respectful shared use and slowing down

## Part 3 – Detailed Results
